

Grand Strand Quilters 2025 Mystery Block Of the Month (GSQ BOM)

Presented by Lou Veverka

Description: Beginning in February I will be emailing out monthly instructions and/or information for a sampler quilt. Each month will highlight a new or different technique to complete a total of nine 12-inch square blocks. We will cover for example, paper foundation, curves, quick HST, easy Flying Geese and more.

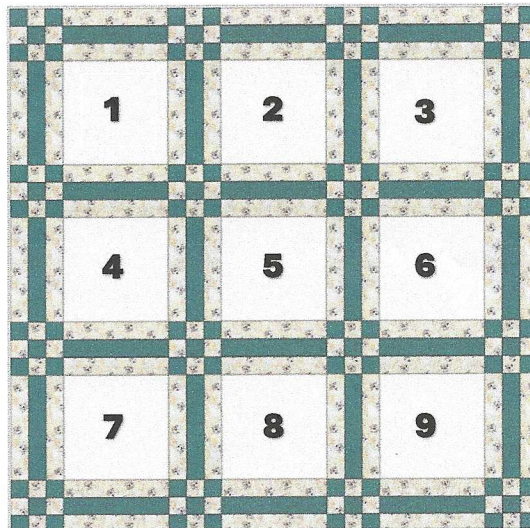

Fabric requirements: are approximate, and I have designed this for four fabrics and a background fabric. But you can use any fabrics you have in your stash and make it as scrappy as you like. The first month will give you a rough idea of the amount of fabric you will need.

Instructions: I will email everyone the instructions for each block on the first Wednesday of the month and will include some photos, links (if available) or any other items that may help in the construction process for each block.

Overall Size: The final layout includes 6-inch sashing and will complete a 60-inch square quilt top. The sashing I included uses 2 ½ inch strips along with 9 Patch cornerstones, but you can decide on using any sashing you like, or none at all. Totally up to you. You can place the blocks on point and be as creative as you want. If you don't like a particular block or technique, replace it with any 12-inch block you want.

Let's have fun and learn a few things as we go along.

Month	item
FEB	FABRIC REQ & sashing layout
MAR	Block 1
APR	Block 2
MAY	Block 3
JUN	Block 4 and Block 5
JUL	Block 6
AUG	Block 7
SEP	Block 8
OCT	Block 9
NOV	Bring your top for show and tell

A sign-up sheet will be available at the class table or email me at:

Louise.veverka@yahoo.com

And I will send you an email back and put a group together to verify that I have your email correct.
